**SCOZINC ANNOUNCES THE CLOSING OF THE FIRST C\$500,000 TRANCHE
OF A NON-BROKERED PRIVATE PLACEMENT**

Halifax, Nova Scotia, March 22, 2020 – ScoZinc Mining Ltd. (TSX-V: SZM) (“**ScoZinc**” or the “**Company**”) is pleased to announce the closing of the first tranche of a previously announced non-brokered private placement.

The President and CEO, Mr. Mark Haywood, stated: “*ScoZinc is especially pleased with the support we have received from investors in this private placement over extremely challenging market conditions and a period of unprecedented world disruption. The capital raised enables the diligent continuance of our strategies to complete the Scotia Mine’s first NI 43-101 Pre-Feasibility Study (“PFS”). Despite the difficult situations our personnel and independent experts are all facing due to the COVID-19 Pandemic, the teams remain focussed on finalizing the PFS in a matter of weeks.*”

The closing of this first tranche (the “**First Tranche**”) of the previously announced private placement on March 19, 2020 and April 3, 2020 for non-brokered private placement of units of the Company (“**Units**”) at C\$0.30 for aggregate gross proceeds of up to C\$500,000, subject to the Company’s option to increase the size of the private placement by up to an additional C\$500,000 (the “**Offering**”). Each Unit consists of one common share of the Company (a “**Common Share**”) and a Common Share purchase warrant (a “**Warrant**”). Each full Warrant is exercisable into a Common Share at a price of C\$0.50 per Common Share for a period of twenty-four (24) months.

The First Tranche consisted in the sale of 1,678,011 units for the gross proceeds of C\$503,403.30. The Company exercised its overallotment option and expects to close subsequent tranches of the Offering in the coming weeks. The net proceeds of the Offering will be used to advance the development of the Company’s Scotia Mine and for general corporate purposes.

In connection with the First Tranche, the Company has paid C\$12,950.07 in cash compensation and issued 43,167 compensation warrants (the “**Compensation Warrants**”) to eligible finders for their assistance with the First Tranche. Each Compensation Warrant is exercisable into a Common Share for a period of twenty-four (24) months.

All securities issued pursuant to the Offering will be subject to a four month and one day hold period applicable under Canadian securities laws.

Certain directors, officers and other insiders of the Company (collectively the “**Insiders**”) have acquired a total of 426,667 units pursuant to the First Tranche. The participation of Insiders in the First Tranche constitutes a “related party transaction”, as such term is defined in Multilateral Instrument 61-101 - *Protection of Minority Security Holders in Special Transactions and Companion* (“**MI 61-101**”). The Company is relying on exemptions from the formal valuation and minority shareholder approval requirements provided under MI61-101 on the basis that the participation in the First Tranche by Insiders does not exceed 25% of the fair market value of the Company’s market capitalization.

In connection with the First Tranche, Mr. Michael McMullen, an insider of the Company, has acquired 260,000 Units. Immediately prior to the closing of the First Tranche, Mr. McMullen held directly and indirectly 1,027,000 Common Shares and 825,000 common share purchase warrants of the Company or approximately 16.72% of the then 10,251,461 issued and outstanding Common Shares on the partially diluted basis. Following the closing of the First Tranche, Mr. McMullen holds 1,287,000 Common Shares and 1,085,000 common purchase warrants of the Company (a total of 2,372,000 Common Shares) or approximately 19.33% of the total number of issued and outstanding Common Shares

on a partially diluted basis. The Units were acquired by Mr. McMullen for investment purposes, and depending on market and other conditions, Mr. McMullen may from time to time in the future increase or decrease his respective ownership, control or direction over securities of the Company, through market transactions, private agreements, or otherwise. For the purposes of this notice, the address of Mr. McMullen is 14 Windarra Drive, City Beach, Western Australia 6015, Australia.

In satisfaction of the requirements of the National Instrument 62-104 - Take-Over Bids And Issuer Bids and National Instrument 62-103 - The Early Warning System and Related Take-Over Bid and Insider Reporting Issues, an Early Warning report respecting the acquisition of Units by Mr. McMullen will be filed under the Company's SEDAR Profile at www.sedar.com.

The Offering is subject to final TSX Venture Exchange approval.

CAUTIONARY STATEMENTS

Neither the TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this news release.

This News Release includes certain forward-looking statements which are not comprised of historical facts. Forward-looking statements include estimates and statements that describe the Company's future plans, objectives or goals, including words to the effect that the Company or management expects a stated condition or result to occur. Forward-looking statements may be identified by such terms as "believes", "anticipates", "expects", "estimates", "may", "could", "would", "will", or "plan". Since forward-looking statements are based on assumptions and address future events and conditions, by their very nature they involve inherent risks and uncertainties. Although these statements are based on information currently available to the Company, the Company provides no assurance that actual results will meet management's expectations. Risks, uncertainties and other factors involved with forward-looking information could cause actual events, results, performance, prospects and opportunities to differ materially from those expressed or implied by such forward-looking information. Forward looking information in this news release includes, but is not limited to, the Company's objectives, goals or future plans, statements, potential mineralization, exploration and development results, the estimation of mineral resources, exploration and mine development plans, timing of the commencement of operations and estimates of market conditions. In particular, the Company has not made a production decision with respect to ScoZinc's Scotia Mine. The Company has not completed a feasibility study or established the

economic viability of the Project or proposed operations on ScoZinc's Scotia Mine, and no mineral reserves have been established for ScoZinc's Scotia Mine that would support a production decision. Mineral exploration projects which are put into production without first establishing mineral reserves and completing a feasibility study have historically had a higher risk of economic or technical failure. There can be no assurance that forward-looking statements will prove to be accurate and actual results and future events could differ materially from those anticipated in such statements. Important factors that could cause actual results to differ materially from ScoZinc's expectations include, among others, ability to complete the PFS, ability to complete the Offering on the terms announced, availability and costs of financing needed in the future, changes in equity markets, risks related to international operations, the actual results of current exploration activities, delays in the development of projects, conclusions of economic evaluations and changes in project parameters as plans continue to be refined as well as future prices of metals, ability to predict or counteract potential impact of COVID-19 coronavirus on factors relevant to the Company's business, as well as those factors discussed in the section entitled "Risk Factors" in ScoZinc's Management's Discussion and Analysis. Although ScoZinc has attempted to identify important factors that could cause actual results to differ materially, there may be other factors that cause results not to be as anticipated, estimated or intended. There can be no assurance that such statements will prove to be accurate as actual results and future events could differ materially from those anticipated in such statements. Accordingly, readers should not place undue reliance on forward-looking statements.
